JOB DESCRIPTION

Job Description:

As a member of the Nursing Staff at Dr. Nimmy's Skin Clinic, your primary responsibility will be to provide excellent patient care and support to the dermatology team. You will assist dermatologists during procedures, take vitals, and ensure patients are well-prepared and comfortable. Your role will involve wound care, patient education, and maintaining accurate medical records. Collaborating with other healthcare professionals and following safety protocols will be crucial to providing high-quality care.

Roles and Responsibilities:

- Patient Care:** Give injections. Provide compassionate and skilled care to patients, including preparing them for procedures, taking vitals, and assisting the dermatologists during examinations.
- Assist in Procedures:** Assist dermatologists during various dermatological procedures, ensuring patients are comfortable and well-informed.
- Wound Care:** Manage wound care, dressing changes, and ensure proper hygiene and infection control measures are followed.
- Patient Education:** Educate patients about post-treatment care, medication instructions, and answer any questions they might have regarding their treatment plans.
- Documentation & Attire:** Maintain accurate and detailed patient records, including medical history, treatment plans, and progress notes. The nurse apron to be mandatorily worn.
- Inventory Management:** Monitor and manage medical supplies and equipment, ensuring availability when needed and minimizing wastage.
- Collaboration:** Collaborate with other healthcare professionals, including dermatologists and pharmacists, to ensure seamless patient care.
- Safety Protocols:** Adhere to clinic policies and safety protocols to maintain a safe and clean clinical environment for patients and staff.

Qualifications and Education Requirements

- **NURSING DEGREE:** A VALID NURSING DEGREE (RN OR EQUIVALENT) FROM AN ACCREDITED INSTITUTION.
- **LICENSE:** ACTIVE NURSING LICENSE IN THE RELEVANT JURISDICTION.
- **CLINICAL EXPERIENCE:** PRIOR EXPERIENCE IN A CLINICAL SETTING, PREFERABLY IN DERMATOLOGY OR A RELATED FIELD.
BASIC MEDICAL KNOWLEDGE: SOLID UNDERSTANDING OF MEDICAL TERMINOLOGY, PATIENT CARE PROTOCOLS, AND INFECTION CONTROL.

Preferred Skills

- **Patient-Centric Approach:** Empathy, compassion, and the ability to provide patient-centered care.
- **Clinical Skills:** Proficient in taking vitals, administering medications, wound care, and assisting in medical procedures.
- **Attention to Detail:** Keen observation skills and attention to detail while maintaining patient records and following protocols.
